Please note that we do require two satisfactory references before you can start as an ambassador, and we cannot always guarantee a suitable role.

Within this job role, you will be subject to a satisfactory DBS check through STEM Learning <https://www.stem.org.uk/stem-ambassadors/join-stem-ambassador-programme> in Step 1.

Please return the application to us with a copy of your STEM Learning ID and DBS number.

Before signing this document, you are required as part of our support networks to adhere to our code of conduct. Please see the “code of conduct” section at the end of this form for details.

Terms & Conditions: Greenpower reserves the right to revoke your application if the information supplied is found to be incorrect. We also reserve the right to cancel your position as an ambassador, if you are found to breach the Code of Conduct or deemed to be no longer actively operating and engaging as an ambassador.

I agree to support the mission, aims and core principles of Greenpower Education Trust.

Code of Conduct

In order to create a network of support in your region, which mirrors the values of Greenpower HQ, we ask each member of our support network to adhere to this code of conduct. Providing guidance to schools and creating a local Greenpower community is a key part of helping us expand the project. There are many ways to do this, and we are always open to new methods of interacting with our teams but below are a few ways in which we feel this can be achieved.

- Promote Greenpower and encourage participation in local schools and colleges.
- Publicise engineering to young people who would not otherwise consider it as a career and reach as wide an audience as possible.
- Visit careers conventions, STEM Fairs, universities and other venues or events where you can raise awareness of Greenpower.
- Engage with schools and offer technical advice and support.
- Liaise with Greenpower, schools and Greenpower Ambassadors in your area.
- Promote Siemens Free Solid Edge CAD software.
- Attend local Greenpower events.
- Support learners in self-esteem and confidence-building activities.
- Network with other Ambassadors, centers of excellence and teachers.
- Keep Greenpower informed of your activities.
